PROFILE

MSc International Business graduate with brand and campaign experience at Henkel, where I took the global Pattex relaunch from brief to delivery. My background in B2C sales and psychology taught me to read consumers and let data guide the story. I'm looking to build brands people connect with, through campaigns that earn attention rather than ask for it.

WORK EXPERIENCE

Henkel Adhesive Technologies, Düsseldorf, Germany

02/2026 - 08/2026

Brand Management Intern - ACC (Global Brand Pattex)

- Drove execution of the global Pattex Powers You campaign end-to-end, contributing key visual proposals, superiority animation concepts, and storyboards for TV and YouTube.
- Conducted a detailed brand analysis of Pattex and Tangit, reviewing performance data, competitor standing, and consumer awareness to recommend a clear direction for each brand's communication and packaging strategy.
- Owned campaign post-production as the point of contact across 10 markets through to final delivery by reviewing and approving TV commercials, color grading, background music, and campaign stills.
- Coordinated campaign shoots across 4 countries: arranged product shipments, gave creative direction on set design, and contributed to casting by evaluating talent and defining character briefs.
- Reviewed and edited the Pattex Brand Book to ensure brand strategy, visual identity, and communication guidelines were aligned across all touchpoints of the new campaign direction.
- Worked with the design partner to develop point-of-sale materials, key visuals, and presentation templates for the campaign, providing creative briefs and storyboard concepts as direction for execution.
- Integrated AI tools, including ChatGPT, Claude, and Microsoft Copilot, into daily workflows for brief writing, deck creation, and content iteration, improving turnaround times on senior stakeholder deliverables.

Henkel Adhesive Technologies, Düsseldorf, Germany

05/2025 - 08/2025

Global Marketing & Strategy Intern - Construction Adhesives

- Built a Pattex brand review by analyzing market research data and competitor positioning across ~10 markets into a full agency brief, giving the creative agency a clear picture of the brand to enable them to submit proposals for the campaign's big idea.
- Analyzed Pattex packaging across product categories as part of a brand architecture audit, reviewing brand strategy and history to recommend a more consistent system that strengthened on-shelf recognition.
- Contributed to the relaunch of Pattex No More Nails by developing a campaign roadmap and producing brand assets, including an Amazon A+ content page, point-of-sale materials ([InnoPage](#), demo box), social media content, TV commercials, and artwork, coordinating with the creative agency on concept and execution.
- Coordinated with 15 Local markets to adapt No More Nails relaunch artwork and toolkit with point-of-sale materials, into local languages, liaising between local teams and the creative agency to ensure consistent and accurate brand adaptation.
- Produced creative and strategic decks for Global Brand Managers and the Marketing Director to present to the VP of Corporate Marketing and external agencies.

Pickyourtrail, Chennai, India

12/2021 - 03/2024

Senior Travel Consultant

- Generated €463K in revenue in my first year, 130% of target, by treating every sale as a positioning exercise: reading each customer's motivations and budget, then framing the trip and pitch that fit them best.
- Built an instinct for consumer behavior across 600+ trips (9/10 satisfaction score), learning what emotional and practical triggers drive a purchase decision, and using that to sharpen how options were pitched.
- Used Power BI to track customer trends and destination demand month over month, turning the data into stronger sales narratives and focusing effort on the high-demand options worth promoting.
- Took the initiative to onboard and mentor new consultants on destination knowledge, client conversion, and pipeline management before being formally promoted to Team Lead.
