Application for Internship in International Sales Steering BMW Motorrad – starting from May 1st, 2025

Dear Recruiting Team,

I am currently in the first semester of my Master's in International Business at WHU – Otto Beisheim School of Management. I would like to apply for the Internship in International Sales Steering BMW Motorrad and am available from May through August 2025.

BMW Group's commitment to innovation and its dynamic, globally oriented working environment make it the ideal place to gain hands-on experience and contribute to meaningful projects. The opportunity to be part of the team responsible for the volume target and result steering of BMW Motorrad is especially exciting, as it perfectly combines my passion for strategic thinking with my interest in international business and sales operations.

At WHU, my coursework in International Strategy and Data Analytics has equipped me with a structured and analytical approach to solving business challenges. In particular, I received top marks (1.0) for my ability to assess market dynamics, craft actionable strategies, and provide data-driven insights. This academic foundation has been instrumental in shaping my strategic mindset and ability to evaluate complex scenarios—skills that align well with the analytical tasks and market strategy analysis involved in this role.

In my previous role as Sales Team Lead at Pickyourtrail, I managed a €2.6 million annual revenue target while leading a team of six. I spearheaded data-driven initiatives to optimize sales performance, analyzed market trends to prioritize high-potential regions, and collaborated closely with cross-functional teams to align sales strategies with customer needs. These experiences have honed my proficiency in MS Office tools, strengthened my ability to work in a fast-paced environment, and developed my skill in balancing strategic objectives with operational execution.

What excites me most about this internship is the opportunity to contribute to BMW Motorrad's success by supporting volume steering, scenario evaluations, and market strategy analysis. The chance to collaborate with teams across regions and functions while gaining hands-on experience in the day-to-day operations of a global leader in mobility aligns perfectly with my aspirations to build a career at the intersection of strategy and operations.

BMW Group's emphasis on fostering an inclusive and diverse work culture resonates with me deeply. I am confident that my proactive attitude, strategic mindset, and strong communication skills will allow me to make meaningful contributions to your team.

Thank you for considering my application. I am eager to bring my skills, experience, and enthusiasm to BMW Motorrad and look forward to discussing how I can support your team's objectives.

Sincerely,
Shruthi Sankaranarayanan
