Application for Global Brand & Business Development Internship – starting from May 1st, 2025

Dear Recruiting Team,

I am currently in the first semester of my Master's in International Business at WHU – Otto Beisheim School of Management. I would like to apply for the Global Brand & Business Development Internship with BOSS Menswear and am available from May through July 2025 with BOSS Menswear and am available from May through July 2025 for a full-time internship. I am available from Feb for a working student position as well.

My professional experiences have equipped me with a strong foundation in business development and strategic project execution. In my role as Sales Team Lead at Pickyourtrail, I successfully managed a €2.6M annual revenue target, driving growth through data-driven strategies and market-focused solutions. I identified high-growth opportunities by analyzing sales data and client trends, streamlined processes for greater efficiency, and implemented tailored strategies to enhance customer satisfaction, achieving a 9/10 average rating across 600+ trips. This experience sharpened my ability to identify market opportunities, develop actionable strategies, and execute projects in a fast-paced environment.

At WHU, my coursework in International Strategy further honed my business development skills. By analyzing case studies on leading global companies like Coca-Cola and Hindalco, I gained a deeper understanding of how strategic frameworks and decisions drive competitive positioning and long-term growth. Achieving top marks (1.0) in the course reflects my structured and analytical approach to addressing complex business challenges—an approach I am eager to bring to HUGO BOSS.

I am particularly excited about contributing to projects like the Digital Showroom and the seasonal Collection Magazine, where my experience in managing multiple priorities, analyzing data, and developing creative solutions can add value. Additionally, overseeing sustainability claims and communication aligns with my keen interest in sustainability and my ability to work collaboratively to support impactful initiatives.

HUGO BOSS's emphasis on innovation, sustainability, and creativity resonates strongly with my values. I am eager to bring my business development expertise, strategic mindset, and enthusiasm for fashion to contribute meaningfully to the success of the BOSS Menswear brand.

Thank you for considering my application. I look forward to the opportunity to discuss how my background and skills align with your team's goals and contribute to the exciting projects at HUGO BOSS.

Sincerely,
Shruthi Sankaranarayanan
