Application for Intern Business Excellence & Retail HR – starting from May 1st, 2025

Dear Recruiting Team,

I am currently in the first semester of my Master's in International Business at WHU – Otto Beisheim School of Management. I would like to apply for the Intern Business Excellence & Retail HR at Porsche AG and am available from May through August 2025.

The quote from Ferdinand Porsche—"In the beginning, I looked around and could not find quite the car I dreamed of. So I decided to build it myself"—reflects Porsche's commitment to creating vehicles that inspire deep, emotional connections. This dedication resonates with me and aligns closely with my experience at Pickyourtrail, where I helped clients build their ideal vacations by understanding their aspirations. Working with a brand like Porsche, I am excited to explore strategies that build strong customer relationships and contribute to Porsche's reputation. Porsche Strategy 2030, with its vision for the future of mobility and customer engagement, is particularly compelling. I am eager to learn from experienced professionals and gain insights on Porsche's strategic projects.

My WHU course in International Strategy provided an in-depth understanding of various business models and strategic frameworks. This course sparked an interest in the strategies that drive success or failure in major organizations, such as Coca-Cola, Boeing, and Hindalco. As I delved deeper into case studies, I became fascinated by how strategic choices can shape an organization's future, impact its competitive positioning, and ultimately determine its success. This structured, forward-thinking approach, where every decision considers multiple potential outcomes, appeals to me and motivates me to further explore the field of strategy. I received top marks for the course (1.0) and was commended for my insights, reflecting my analytical and structured approach to problem-solving. This academic experience, combined with my professional background, has given me a unique perspective on addressing business challenges within a strategic context.

In my previous role as Sales Team Lead at Pickyourtrail, I gained valuable experience in planning and coordinating tasks across a team. My different responsibilities taught me the importance of considering each team member while adopting a team-wide strategy that kept everyone aligned and motivated. Each month, I reviewed performance data and client conversion metrics to highlight which destinations were driving the best results. This analysis helped me focus our efforts on high-potential destinations and adapt our sales pitches to match client preferences and seasonal demand. By guiding my team in these efforts, I learned how strategic insights can be practically applied to achieve measurable goals—a skill I am eager to develop further in this consulting role. I also worked closely with team members who needed extra support, looking into their performance metrics to identify improvement areas and addressing any other factors that might impact their motivation. This experience taught me the value of combining strategy with practical team management—a skill set that aligns well with Porsche's focus on high-impact, collaborative work environments.

The Internship offers an exceptional opportunity to acquire practical skills while working alongside a talented team on real projects—an experience no classroom can replicate. This kind of hands-on learning is exactly what I am seeking to launch my career in strategy and consulting. I am confident that my curiosity, commitment to learning, and persistence in facing challenges will help me excel in this internship and make a meaningful contribution.

Thank you very much for considering my application. I am excited about the opportunity to learn from the team at Porsche AG, and I look forward to discussing my fit for the program in further detail.

Sincerely,
Shruthi Sankaranarayanan
