Application for Internship – Central Europe Merchandising Teamsport – starting from May 1st, 2025

Dear Recruiting Team,

I am currently in the first semester of my Master's in International Business at WHU – Otto Beisheim School of Management. I would like to apply for the Internship in Central Europe Merchandising Teamsport at PUMA and am available from May through August 2025.

PUMA's dedication to innovation and its passion for sports make this position an exciting opportunity to contribute to a globally recognized brand that empowers athletes and inspires communities. With a strong personal affinity for team sports like football and basketball, I am thrilled at the prospect of combining my academic knowledge and professional experience to support PUMA's merchandising efforts in the Central Europe Teamsport category.

At WHU, my coursework in Data Analytics and International Strategy has sharpened my analytical and organizational skills. I've gained a solid foundation in processing and interpreting complex data, which I am eager to apply to tasks such as preparing product presentations, organizing key account conferences, and maintaining databases. These academic experiences, combined with my strong attention to detail and creativity, make me confident in my ability to contribute effectively to your merchandising team.

In my previous role as Sales Team Lead at Pickyourtrail, I managed a €2.6 million annual revenue target while leading a team of six. A key focus of my role was leveraging data to identify market trends and high-potential regions, which allowed me to optimize sales strategies and improve customer satisfaction. Additionally, I was responsible for creating impactful presentations and sales documents tailored to specific clients, skills that align closely with the requirements of this internship.

What excites me most about this role is the opportunity to support PUMA's Teamsport category through strategic planning and execution while gaining hands-on experience in merchandising. The chance to work closely with a dynamic team and contribute to PUMA's mission of becoming "Forever Faster" in the sporting goods industry resonates deeply with my ambition to work in a fast-paced, collaborative environment.

Thank you for considering my application. I am eager to bring my passion for sports, strategic mindset, and organizational skills to PUMA while gaining invaluable insights into the world of merchandising. I look forward to the opportunity to discuss how I can contribute to your team's success.

Sincerely,
Shruthi Sankaranarayanan
