Application for Strategy Intern – starting from May 1st, 2025

Dear Recruiting Team,

I am currently in the first semester of my Master's in International Business at WHU – Otto Beisheim School of Management. I would like to apply for the Internship position at TTE Strategy and am available from May through August 2025.

TTE's commitment to creating tangible impact for clients and fostering a low-hierarchy, growth-oriented environment immediately caught my attention. The emphasis on actionable results over traditional consulting deliverables aligns with my belief in hands-on problem-solving. The opportunity to contribute to building a new leading brand in the consulting market while learning from a team of like-minded experts is exactly what I am looking for at this stage of my career.

My WHU course in International Strategy provided an in-depth understanding of various business models and strategic frameworks. This course sparked an interest in the strategies that drive success or failure in major organizations, such as Coca-Cola, Boeing, and Hindalco. As I delved deeper into case studies, I became fascinated by how strategic choices can shape an organization's future, impact its competitive positioning, and ultimately determine its success. This structured, forward-thinking approach, where every decision considers multiple potential outcomes, appeals to me and motivates me to further explore the field of strategy. I received top marks for the course (1.0) and was commended for my insights, reflecting my analytical and structured approach to problem-solving. This academic experience, combined with my professional background, has given me a unique perspective on addressing business challenges within a strategic context.

In my previous role as Sales Team Lead at Pickyourtrail, I gained valuable experience in planning and coordinating tasks across a team. My different responsibilities taught me the importance of considering each team member while adopting a team-wide strategy that kept everyone aligned and motivated. Each month, I reviewed performance data and client conversion metrics to highlight which destinations were driving the best results. This analysis helped me focus our efforts on high-potential destinations and adapt our sales pitches to match client preferences and seasonal demand. By guiding my team in these efforts, I learned how strategic insights can be practically applied to achieve measurable goals—a skill I am eager to develop further in this consulting role. I also worked closely with team members who needed extra support, looking into their performance metrics to identify improvement areas and addressing any other factors that might impact their motivation. This experience taught me the value of combining strategy with practical team management.

What excites me most about this role is the promise of contributing from day one while growing alongside a team that values collaboration and individuality. The direct coaching and tailored learning opportunities that TTE offers align with my ambition to continuously improve myself and inspire others in the process.

Thank you for considering my application. I look forward to the opportunity to discuss how my background and skills can contribute to TTE Strategy's mission and growth.

Sincerely,
Shruthi Sankaranarayanan
